1992 Ace of Aces **Philippe Berge**

Hello,

Welcome to the fifteenth staging of The Ace of Aces here at the Winterbourne circuit.

With the event firmly established as Britains leading international and with the reputation of being the unofficial World Championship of Grass Track lets hope the weather makes amends for the past few years and gives both the circuit and riders the chance to show us their best.

A big welcome and congratulations to Simon Wigg on his 1993 World Long Track victory, also to Joe Screen on lifting the World Under 21 Speedway title and Richard Musson the European Grass Champion. They'll need to reproduce that sort of form to hold off an impressive solo challenge led by Gerd Riss the defending Aces Champion, six times winner Steve Schofield and ex-world champion Marcel Gerhard, while Henrik Gustafsson could be a dark horse in his first Aces.

One World Champion sadly cannot be here this weekend, Sam Ermolenko has been a great supporter of the Aces both on and off the track ever since we went international. We wish him a speedy recovery and hope to see him in action again next year.

Its difficult to pick a winner in the sidecar class. Russell Ing will be determined to defend his title but Ken Lane will be out to finish his grass career in style, although we have all heard sidecar retirement stories somewhere before!

Despite the economic climate a quick glance through this programme will show the degree of support we are still receiving from our sponsors and advertisers. Special thanks to the "Exchange and Mart" and hopefully they will have an on going interest in our great sport.

Finally we'd like to wish you all a great weekend, especially the riders, promoters, tuners and fans who have made the long trip over from the continent to make The Ace of Aces a truly international event.

Don't forget the All Star Band on Saturday night, the bonfire and fireworks and the presentations by Sun Page 3 girl Michelle Collins..... and it is only three weeks to the Past Masters!

Enjoy your weekend!!

UNAUTHORISED RIDING

Attention is drawn to the serious consequence which could arise following an accident by unauthorised riding of any sort of machine in the paddock. It is a mistaken belief that children are allowed to ride machines because a race paddock is on private property and outside the jurisdiction of the Road Traffic Act and therefore no insurance is necessary. The Union's Insurers will quite legitimately repudiate any claim for damages arising out of an accident caused by an unauthorised driver. THEREFORE, LIABILITY FOR A SUBSTANTIAL CLAIM COULD REST WITH THE OWNERS OF THE VEHICLE AND DRIVER, OR PARENT IN THE CASE OF A MINOR.
