Cheng Shin now has a range of dirt tyres that is big on quality, durability and performance, but small on

price.

Why throw away money on tyres when Cheng Shin has a full range* of economy size specials available? The next time your dirt bike needs new tyres, fit a set of Cheng Shins. You'll find there is one big difference — the price.

GRATEFUL THANKS
First, I'd like to thank my crew of John Fidler, Joe Fellenberg and Jo - sorry to let you all down. I'd also like to express my appreciation of assistance by NT Tourist Commission for the ticket, NT Fuels for the petrol, Ansett Airlines and Simons Transport (the ONLY way to get a bike from the east over to Alice Springs) and Joanne Ryan for her hospitality. As for you, Damien, it's a great race but I wish I was elsewhere.
