After all, everything else has gone into our new '93 design.

All new for '93 – the “Raff” from MDS. Right at the leading edge of helmet technology.

Full Kevlar-fibreglass shell with advanced Carbon/Aramo composite to keep weight down and protection up. Full venting. Large eyeport to fit all goggle sizes. Comfortable,

washable interior. Goggle strap retainer. Flick-of-the-wrist peak adjustment. Snell and AS1698 approval, of course.

And the hottest graphics around. All for only \$299.
