

CUTIE PIE CONTENTS

The competition hots up

PHOTO: MICK SHERIDAN
MODEL: KYLIE

What can we say that you're not already thinking? Yes, we know you're all envying Mick because he got his hands on a CR250 before the stocks ran out, but please try to see past the bike.

Is Kylie a potential contest winner? You betcha.

PIC OF THE MONTH
We're awarding a super trick Sinisalo shirt plus an unreal ADB riding shirt - that's two shirts in total for those who left school early to pursue a career as a pro MXer - to the photographer and model who produce the best pic per issue.
How's that? Flasher than a lightning bolt!
Mick and Kylie score the shirts this month.
If you're entering the contest, help us out by including the required shirt size in your letter.

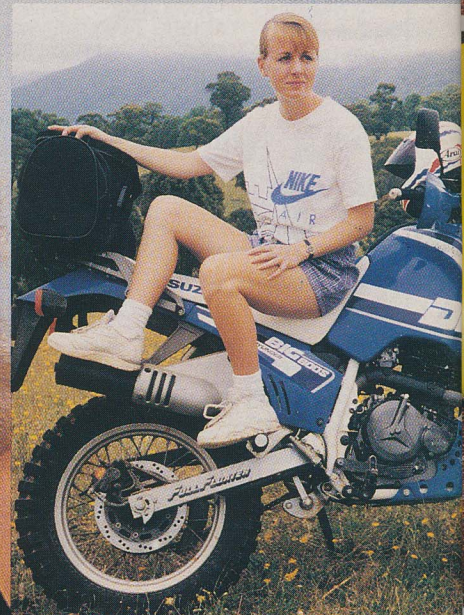

PHOTO: SHANE CORNERFORD
MODEL: HE WOULDN'T SAY

Shane's nice young lady friend has obviously been well brought up although we doubt riding side-saddle will catch on in the nineties. Mind you, it amazing what you can do on a Suzuki DR-Big.

PHOTO: JAMES DEAKIN
MODEL: MAREE BOWDEN

We can't wait to get the results of the female rider survey we ran a couple of issues back. Maree is another owner-rider who can't keep away from dirt bikes - there must be more female riders out there than you'd expect.

Wonder if there's a market for a body armour fitting service?
