

NO SWEAT

stay cool under all conditions

You know what it's like. You always seem to be struggling under conditions designed to make you melt. I'm no different, but I do have an advantage: I wear O'NEAL ULTRA-LITE riding gear. Who wants to struggle around a motocross track

wearing a wet-suit? Not me that's for sure. I'll go for tough, ventilated, O'NEAL ULTRA-LITE gear every time. As for looks, well, see for yourself. They're real attention getters...
— Vaughan Style
