alpinestars

For over 20 years, alpinestars has been producing the world's finest motorcycle boots. Only alpinestars combines fine italian footwear craftsmanship together with state-of-the-art boot technology to offer you a boot constructed with the highest quality, comfort and protection. It's no wonder why the biggest names in the motocross world insist on and wear alpinestars. Like you, they know that to be a winner, you've got to make winning decisions and that includes the n. 1 choice in boot... and alpinestars is this.

WHAT MAKES ALPINESTARS BOOTS SUPERIOR?

- Protection begins on the inside. Alpinestars boots feature molded plastic inserts in critical areas: the ankle, heel, shift and toe.
- Protection continues on the outside. Alpinestars have a rugged outer plastic shell for maximum calf, ankle and foot coverage.

- Thick "HLC" foam in the ankle area and 4 "cam-action" buckles offer secure adjustment and support.
- Patented anatomical design, quality leather construction and materials guarantee alpinestars to be the best in comfort, fit and durability.
