**KNOWLEDGE
THROUGH
COLOR**

What makes a machine a classic? Is there one common denominator for all great motorcycles? Which modern cycles have become myths in their own time? This new Bantam All-Color Guide—thoroughly researched, carefully written, and filled with 181 specially selected full-color photographs—is an invaluable handbook which encompasses the full range of lore about classic motorcycles, roadburners, sporting middleweights, motocrossers, and American and World Championship machines from Harley-Davidson to Yamaha. *****

Each volume in this handsome paperback series gives you *knowledge through color*. Vivid photographs and aptly chosen text combine to make these books both informative and entertaining. Handy as guidebooks, they're also a perfect source for student papers—or just plain browsing. *****
