

When only the best will do.

You simply can't beat Britax Motomod clothing for comfort and style. It's the best there is.

Motomod suits are guaranteed 100% waterproof. The special thermo-welded film ensures that each seam is watertight.

At the same time the well tailored cut eliminates flapping at high speed. Either way, cold and water just can't get in.

Motomod comes in a big range of fashionable uni-sex styles and colours, too.

Ask for Britax Motomod at your local motorcycle dealer now. And start riding in style.

Britax

a BSG International company.

Part of a comprehensive range of motor cycle parts and accessories.
