

Silkolene

LUBRICANTS®

Oil's oil...
 Yeah, right.
 Try telling that
 to Bob Hannah,
 seven-time
 national champion
 and Factory Suzuki
 R&D consultant. When a championship can
 be won or lost by less than a bike length, you
 need every advantage available. Today's
 suspension and engine components are technical
 and expensive. Using the wrong lubricant or

cleaner makes them
 even more expensive.
 Silkolene has a
 complete line of
 lubricants to
 maintain peak
 performance under extreme racing conditions.
 Oil is definitely not just oil. Hannah always
 could spot a winner. Silkolene.
