

can-am[®] **UNLEASHES A STORM!**

A torrent of six new Can-Ams is about to engulf the forests, deserts and motocross tracks of America. Two new air-cooled, single shock 175 and 250 ASE enduro bikes. Four new MX-ers including the Sonic MX 562cc 4-stroke. They're faster, stronger, better handling, more powerful, and much lighter than any Can-Ams ever put on the market. And they're at your Can-Am dealer, now.
