## Sidecar Spectacular

by Paul Harmer

Welcome to the sidecar 'Race of the Year' and what promises to be the hottest contest for years, no fewer than four heats plus a special consolation race and the all important clash for the £4,000 jackpot final over 15 laps.

Needless to say, reigning world sidecar champions Jock Taylor and Benga Johansson top the entry. It was at last September's big meeting when the speedy duo became the first three-wheeler team to record a 100mph lap around the tricky Mallory Park circuit.

At present, the outright solo machine, record stands at 101.25mph, and I reckon Jock and Benga can equal or better that here this afternoon. Currently lying third in this year's World Series, having won the opening round in Austria and taking second places at the German and French Grands Prix, misfortune struck the flying pair at Spain's sidecar Grand Prix when the were forced to make a quick pit stop. Taylor and Johansson completed a great 1980 by taking the British Sidecar title too, and setting a blistering 106.08mph around the Isle of Man. Just as we go to press we learn that Taylor has taken Tuesday's first sidecar TT so we can only wish that further success will be forthcoming on Wednesday for the former Grovewood Award recipient.

But there's plenty of tough opposition including former British sidecar champion, Dick Greasley and equally rapid Trevor Ireson. Ireson's early season form has been superlative and he has been far from disgraced in the Grand Prix chase with a 5th in Austria, 7th in France and 8th in Spain.

With the ever popular Derek Jones uncertain to start, into the reckoning must come current ACU/Star sidecar leaders Derek Bayley/Bob Bryson, last year's star sidecar champion Roger Dixon and Steve Abbott — third in 1980 ACU/Star series and, before the Isle of Man's British sidecar qualifier joint table topper with the rapid veteran Gordon Nottingham.

Last year's Clubmans sidecar champion (having been runner up in 1979) Keith Cousins plus another improving youngster Frank Wrathall and two more senior aces Mick Boddice — a fine fourth in the German Sidecar Grand Prix

and Doncaster coalman Tom White who provided a surprise for Jock Taylor in the first British sidecar round at Cadwell in April.

Worthing based Clive Stirrat was in superb form at Brands on John Surtees day, handing out a narrow but well deserved defeat to former grass track ace Bruce Ford-Dunn. I know the last named is anxious to have a crack at Jock.

Further three-wheeler stars here today include Chas Greatrex, Dick Hawes, Roy Hanks, John Barker and, of course, the competitive husband and wife duo Dennis and Julia Bingham.

It's a pretty safe bet that the Race of the Year winner will come from that long list but as to who will come out on top in the heats is anybody's guess and that, of course, is what it's all about.

For once, solos take a supporting role but they will surely be nonetheless spectacular with our first look at the intriguing Motor Cycle News/Shell Super Oil Streetbikes.

Local ace Ron Haslam won the first rounds which were fast and furious — don't forget these are showroom models on road tyres. Second in the table is Norfolk motor cycle dealer Greg Page while that gritty battler Mick Grant will be hungry to improve his score today. Be sure of a good viewpoint.

Another first is the team challenge with organising clubs at MCD circuits represented by the Oulton Optimists, Snetterton Whizz Kids, Mallory Masters, Brands Hatch Hustlers and Bemsee Bulldogs. They'll fight it out over races for 250, 350 and 1000 machine with points of 30 being awarded to each winner down to 1 point to the last finisher/first retirement. Add up the points as you go along and fill in the panels on page 20.

It sounds like fun and I hear that the 'Bulldogs' have been practising by chasing pigeons!

Stay around for the last race when the clock will be turned back a few years as classic machines take to the track. As always, do please take care on the way home, if you want to emulate the riders you see, do it on the racetrack — not on the roads.

The new Motor Cycle News/Shell Super Oil Streetbike series is open to complete, fully equipped motor cycles of a model or marque produced in a minimum quantity of 1000 by a recognised manufacturer from all new parts for road use.

Alterations are strictly limited and only allow for the raising of footrests to increase ground clearance, the changing from one side to the other of foot controls, and substitution of disc pads and friction linings. Exhaust pipes must remain standard although they can be raised to increase ground clearance.

No racing tyres are allowed and only tyres of H and V rated (standard road tyres) may be used. The series is for showroom models which should appear on the track as they would direct from the showroom on the road.

Held over 8 rounds, each with a £1,000 prize fund, points are scored on the World Championship basis of 15-12-10-8-6-5-4-3-2-1.
