

Avon Roadrunners. Superboots for Superbikes.

Roadrunners are the new breed of tyre, as power and performance oriented as the true superbikes.

H-rated, 130 mph tyres, made from Avon's exclusive high hysteresis 'cling rubber' to give you confidence to lay your super-bike over.

Championship-winning tyres with chunky reinforced shoulder

blocks and a classically bold tread pattern so that you can burn up the road without burning up your tyres.

And that's no idle boast. Many riders have found that Roadrunners deliver up to 50% more mileage than the best competitive tyres.

For the sake of your bike, and your pocket, check out Roadrunners now.
