

Get into top gear.

With Honda.

Hondastyle's top gear. It looks good. And it is good.

It's strong. The leathers are made from steerhide. Double-stitched at every seam, and reinforced to take maximum wear. They're comfortable too: fully-lined, with soft, padded neckbands.

Then there's Hondastyle nylon clothing: lighter in weight, but still extra-strong. With waterproof seams, stud fastening pockets and a choice of smart colours that make sure you're seen.

Add Hondastyle helmets, boots and gloves and you've covered the range.

Hondastyle. The best gear you can ride in. From your local Honda dealer.
