

# Now roaring.

## The XT500C.

### Ride it on the road and ride it on the trail.

Road, enduro, trail, motocross – you name it, the new Yamaha XT500C can handle it. Big dust-kicking power from a 4 stroke, overhead cam, 500cc single pot. Fantastic low end torque and a power band that stretches to keep you powering along all the time. Famous Yamaha narrow frame, gas-operated rear shocks, magnesium crankcase cover, aluminium gas tank and wheel rims.

Few bikes have ever mixed such power with less weight. The new roaring Yamaha XT500C. Built to Australian design regulations and built for you.
