

Have you seen our Shoei faces?

S-28

Strong, lightweight, space aged, feel good, integrated touch press, three positioned face shield, stylish lower shell cover.

Always a leader, Shoei, the top selling Japanese helmet in the world today, has a cooling comfort, contoured to an excellent fit and is incredibly strong.

For the inner liner we use super shock absorbent, foaming polystrol. The result is a helmet that is incredibly resistant to shock, heat and weathering.

All part of the many faces of Shoei.
