CZ 250  
De Luxe

Reliability has always been part of the CZ story. And today's CZ models are no exception. Take the 1980 CZ 250 Custom. Compare its price with other 250's and you'll find it hard to beat; compare its outstanding good looks and you'll find there aren't many 250's with its sparkling silver style.

Or the 250 De Luxe - same big capacity tank, same economy (up to 75 mpg), same simple reliable 2-stroke engine for easy maintenance. Plus a fully enclosed chain and deep profile mudguards for all-weather protection.

And Jawa-CZ are the **only** motorcycle company to offer their buyers an exclusive, special insurance scheme through a national network of over 300 dealers. Today's CZ 250's make sense - and they're built to last. CZ 250 Custom **£565.00**. CZ 250 De Luxe **£439.00**
