

Six reasons why the Yamaha DT175 is Britain's best selling trail bike.

- Seven-port 2 stroke torque induction engine.
- Sturdy semi-duplex cradle frame which houses a triangulated sub-frame carrying the rear wheel.
- Long travel, slow action monoshock suspension for more power on the ground performance.
- Moto cross style exhaust with expansion chamber above the engine.
- Heavy duty long travel front forks to help eliminate weave & wobble on rough terrain.
- Easy to read instruments including tachometer and trip meter.

NOW visit your Yamaha dealer and discover for yourself a further six reasons why the DT175 is the best value-for-money dual purpose motorcycle available today.
