

Sand Blaster.

When it comes to all-around performance, nobody out-performs Suzuki. Case in point: The DR-370.

4-Stroke Guts. Experienced riders will recognize the throaty sound of this 4-stroke single. It's the durable 'thumper' with gobs of low-end torque for battling mountains or muck.

Tough All Over. From full knobby to full knobby, this gutsy machine is built for rompin' and stompin'. There's a rugged enduro suspension with leading-axle front forks and laid-down gas/oil shocks in back. Brawny steel skid plate underneath. And tough fenders and tank on top. In short, it's made to play rough.

Now you know why the DR-370 is one of the world's great performers.

Suzuki. The performer.
