

# INTRODUCING THE WINNING RIDES FOR 1982.

## RM-125/250/465

The incredible new RMs are here. And incredible as it seems, all three are improved for 1982.

The RM-125 now features a Full Reed engine like the Team Suzuki racing machines.

RM-250 fans will be delighted to know the 1982 version has an all-new engine with water cooling.

The RM-465 adds a works 4-speed transmission and Suzuki's exclusive new quick-response flat-slide carburetor.

All three offer the revolutionary Full Floater suspension system.

And those are just the highlights.

As for credentials, the RMs are the hottest motocross machines in recent history.

We asked Suzuki's 125 national champ and Super-cross series winner Mark Barnett what he thought of the 1982 RMs. He summed them up in one word: "Magic."

### A LITTLE BONUS TO TAKE A LOOK.

For those special people who can appreciate a bike as special as the RM, there should be a little reward.

So we're offering you an official Team Suzuki polo shirt for the special discount price of just \$5.

All you have to do is stop into your local Suzuki dealer, take a look at the new RMs and pick up your order card.

Do it, soon. Offer expires January 31, 1982. Good only in the 48 contiguous United States.
