DISC BUSHING CAPACITY CHART

This is a reference chart only to determine the charge of each type of power each bushing will dispense

These are not recommended charges as not every bushing is usable with each type of powder.

BUSH	.30	.32	.34	.37	.40	.43	.46	.49	.53	.57	.61	.66	.71	.76	.82	.88	.95	1.02	1.09	1.18	1.26	1.36	1.46	1.57
